

INTRODUCING THE LATEST GENERATION OF **BEAR TRAP™**

Durability

The BEAR TRAP product line uses high quality stainless steel wire rope that defeats the sharpest and most damaging tools available in healthcare.

Strength

Only the highest quality, durable, impact and chemical resistant Nylon plastics are used in the components produced by Voytek Medical.

Cost Savings

See immediate cost savings when you secure your costly and easily removable medical equipment accessories.

Warranty

1 Year Limited Warranty against manufacturer defects on all Voytek Medical products.

Voytek Medical offers a wide variety of options to perfectly suit all of your cable management and security needs. With your choice of clasp configurations, wire lengths, mounting solutions, and colors, you can truly customize your configurations. Voytek Medical has designed its products to protect the following but not limited to, Non-Invasive Blood Pressure Hoses, Invasive Blood Pressure Cables, EKG/ECG Cables, SpO2 Cables, Temperature Cables, Cardiac Output Cables, Ultrasound Probes, Bedside Remotes / Speakers, and any other item that needs to be secured.

Voytek Medical takes great pride in the quality of our products.
All products are handmade in New York with materials produced in the United States.

STEP 1: CHOOSE YOUR CLASP

The clasp is opened by simply turning the security screw two revolutions with the supplied security key. The screw is designed to stay captive in the top of the clasp to avoid dropping and losing screws in patient areas. Simply lay your cables into the grooves, close and lock the device to securely protect your cables.

STEP 2: CHOOSE YOUR COLOR

Voytek Medical clasps are available in our standard black design and in customizable colors that are designed to allow departments to identify their devices at a glance.

STEP 3: CHOOSE YOUR MOUNT

With a wide variety of mounting configurations, it is simple and easy to mount BEAR TRAP Cable Management and Security Systems.

GCX TRACK MOUNT

LOOP MOUNT

WALL BLOCK MOUNT

STEP 4: CABLE LENGTH OPTIONS

With our wide variety of cable lengths, your BEAR TRAP Cable Management and Security Systems will always have the perfect fit.

24 INCH CABLE

(FOR WALL BLOCK MOUNT & GCX TRACK MOUNT CONFIGURATIONS)

This length was designed to fit the GCX M-Series (fixed height) monitor arms.

36 INCH CABLE

(FOR WALL BLOCK MOUNT & GCX TRACK MOUNT CONFIGURATIONS)

This length was designed to fit the GCX variable height mounts (VHM) monitor arms.

8.5 INCH CABLE

For all applications requiring a short cable.

STEP 5: SECURITY SCREW OPTIONS

PIN-IN-HOLE TORX SECURITY SCREW

SPANNER SECURITY SCREW
